

The Cathedral of the Madeleine Wedding Music Form

*Submit the music form below along with the program form and final check
ONE MONTH before your wedding.*

The preparation of music for your wedding is under the direction of the Cathedral Organist, Dr. Douglas O'Neill. Questions concerning your wedding music should be directed to Jason McAdams who may be reached at 801-328-8941 ext.107. In general, this form and the online selections will suffice for you.

It is expected that the cathedral musicians will be engaged for all weddings in the Cathedral. A Cathedral Cantor will be present to assist the congregation's participation in the liturgy. The cantor will also function as soloist. **NO outside musicians will be permitted to perform during the ceremony.**

Music within the liturgy must conform to the church's norms for liturgical music. Theatrical music, popular love songs and secular ballads are not allowed in church, but are more appropriate at the wedding reception. Please understand that hearing something performed in another church does not mean it is appropriate or that it meets Cathedral standards.

To that end, please listen to the online examples that contain an ample selection of music to be performed at your wedding in the Cathedral. You may make your selections from there and fill them in on the music sheet below. **The forms (program and music) and final check must be submitted one month before the wedding to allow preparation.**
